GrillaTech
Firewall Installation

Companies are under pressure to do more with less and need to ensure that they are using technology effectively and efficiently. One way is to leverage our portfolio of pre-packaged installation, upgrade and health-check services.

Installation packages across our popular vendors can ensure that your clients are up and running quickly within a fixed scope and fixed price. We can help you sell more products and attach installation services to every order without services being a barrier to success.
Installation:
Standard, advanced and extended installation packages
Racking through to live launch
Include fixed modules, rules and configurations
